

Complete the scripture by solving the puzzle:

Be _____ by

the _____ of

your _____!

Match each letter with a symbol above:

- | | | | |
|-----|-----|-----|-----|
| A = | G = | M = | R = |
| D = | H = | N = | S = |
| E = | I = | O = | T = |
| F = | L = | P = | W = |

Last week's answers: Parts of the bell 1. Yoke, 2. Crown, 3. Head, 4. Shoulder, 5. Waist, 6. Sound rim, 7. Lip, 8. Mouth, 9. Clapper, 10. Bead line Wikipedia.com

Sharing God's Word

"You are the light of the world. A city that is set on a hill cannot be hidden." Matthew 5:14

"Transformer"

I'm more than meets the eye!

To be transformed, you must change the way you think. Romans 12:2 says *"be transformed by the renewing of your mind, that you may prove what is that good and acceptable and perfect will of God."* Sometimes, the people around you can cause you to lose focus. You have to make a choice! When you are a transformer, you do not conform; you use it as an opportunity to share God with them so they may be transformed.

"When you change the way you look at things, the things you look at change." – Wayne Dyer

What Does It Mean To Be Saved? By Mynaia Rawls, age 17

To be saved means to accept Jesus as your Lord and Savior. This does not necessarily mean that you WON'T mess up because nobody is perfect. But it means you give your all (your spirit, and your heart) to Him to show your love for Him. God speaks things into our heart every day and we have to make the choice to accept it or not. When you give yourself to Christ, you understand that Jesus died on the cross for your sins and you realize that he cared for us to do that. For instance, our slogan at church is **"Love Never Fails"**. God's love for us never goes away for us even if we upset him; He still keeps his promise to us. That promise is to be everything we need Him to be. We have to also praise Him in our good and our bad. So being saved is not *SIMPLY a WORD*, but it's an **ACTION**. –Saved and living for God!

Caring for God's People

Let your light so shine before men, that they may see your good works and glorify your Father in heaven. Matthew 5:16

This week read Acts 9:1-31 and study about Paul's transformation. It's important to note that after Paul was transformed, he began to preach about Christ. Share your testimony with someone about how God changed your life and offer the free gift of salvation to them.

How did they respond? _____

Word of the Week...

met·a·mor·pho·sis (mēt'ə-môr'fə-sīs)

A marked change in appearance, character, condition, or function.

Did you know...

You carry around a three-pound mass of wrinkly material in your head that controls every single thing you will ever do. From enabling you to think, learn, create, and feel emotions to controlling every blink, breath, and heartbeat—this fantastic control center is your brain. Whenever you dream, laugh, think, see, or move, it's because tiny chemicals and electrical signals are racing between these neurons along billions of tiny neuron highways. Believe it or not, the activity in your brain never stops. Countless messages zip around inside it every second like a supercharged pinball machine. Your neurons create and send more messages than all the phones in the entire world. And while a single neuron generates only a tiny amount of electricity, all your neurons together can generate enough electricity to power a low-wattage bulb. No computer can come close to your brain's awesome ability to download, process, and react to the flood of information coming from your eyes, ears, and other sensory organs. kids.nationalgeographic.com
