

The Five Finger Prayer reminds us who to pray for:

- 1 pray for those close to you (family and friends)
- 2 pray for those who point you in the right direction (teachers, pastors, coaches, youth leaders, etc.)
- 3 pray for those in governmental authority (president, etc.)
- 4 pray for those who are sick, sad and those who need to know God
- 5 pray for YOU!

## "Microphone Check"

By Pastor Andre Williams, Youth Pastor

Prayer is what a person uses to communicate and fellowship with God. Communication is important in the society in which we live. Communication is what people use to express what's on their mind or heart. It is also used to ask for something desired or needed. Prayer plays a very important part in a person's relationship with God. Prayer is so important that Jesus took the time to teach his disciples the manner in which they should pray. Jesus wants us to take advantage of the opportunities we are given to pray that's why He said "Men ought always to pray and not to faint" (Luke 18:1). The great thing about praying to God is that you can talk to Him just like you would your best friend or anyone else that you feel close to. When you pray to God, you can be totally honest with Him and tell Him what's on your mind and in your heart because He loves you and cares about you.

### PRAY TO GOD

**ANYWAY:** You don't have to use big words, have long prayers, have a certain posture, sound like someone else. Just be yourself when you pray and show respect to God.

**ANYWHERE:** You are not just limited to praying at church. You can pray at home, pray in public or in private. It doesn't matter where you pray just as long as you take the time to pray.

**ANYTIME:** No matter when you pray (morning, noon or night, God will always be available for you. Just make sure you take the time to pray.

### *Word of the Week...*

## "Listening To The Good Voice"

By Gabrianna Judah Blair, age 8

You see the devil wants you to do things that God does not want you to do but sometimes you do it anyway. The voice in your head says "no don't do that" but sometimes you ignore it and do it anyway. God is so mighty that He loves us even when we ignore His voice in our head. God does this!

You know, it is like the devil knows you but he does not know who you believe in. When he finds out who you believe in, he will get scared. We should thank JESUS because he blesses us at all times. And after everything we did, listening to that bad voice in our head, he still forgives us. We have to stop listening to that voice and step into God's world. If you step in the world of GOD you step in a force field so nobody can hurt you. That voice can't get you to do bad stuff because God has you in his hands. When you hear the bad voice should say "praise The Lord!" You can scream it, shout it or cry it but what you need to know is that your mighty king is watching over you. Everybody should say this when they are frustrated "for all the things I love and heed, The Lord my God is all I need!!!" Listen to the Good voice and not the bad voice, because the good voice is God!!!
